

2020 COOLIDGE ELEMENTARY

# SCIENCE FAIR

"Scientists Among the Stars"

**WEDNESDAY, MARCH 11**

**6:30 - 8:30 PM**

**MULTIPURPOSE ROOM & GYM**

**sponsored by the Coolidge PTO**

The Science Fair is open to all scientists in grades K - 5. Discover your inner scientist and start planning your experiments to display & present. Grades K-4 will present their experiments in the Multipurpose Room. You can present an experiment by yourself, with a friend, or in a small group. Use your imagination, be creative, and most importantly, have fun!

**For 5th Grade Scientists:** We will have a 5th Grade Hall of Science in the gym. We welcome all 5th Grade scientists to create and display an experiment either by yourself, with a friend, or in a small group. Experiments will be displayed around the gym for everyone to view. If you would like to be a Featured Scientist and formally present your experiment using a microphone and a prepared presentation, please check "Yes" on the form below and you will be given further instructions.

**We will have a special presentation in the gym from "What's Out There - A Planetarium Experience". You will be able to observe the evening sky and become an amateur astronomer with an interactive presentation in the inflatable Starlab Portable Planetarium System. There will be four 30 min. sessions with 45 slots per session. Please sign up for one of the four sessions with the following Sign Up Genius link: <https://www.signupgenius.com/go/30e0e4daca82da5fb6-coolidge>**

All scientists: please fill out the form below and turn it in to your teacher or the front office no later than March 6, 2020.

Please contact the Science Fair chairs, Ann Walsh (a.driskellwalsh@gmail.com) or Marissa Abruzzo (marissaza@gmail.com) if you have any questions.
